Call-In Number

(833) 556 0836 (Toll Free)

Work of the JHPD Data Committee: 6:00 – 6:45 P.M.

The purpose of the data committee is to collaborate with the JHU police department to develop and monitor metrics of interest to the JHU and surrounding communities. The metrics could focus on hiring practices, field activities, arrests, or others as suggested by the JHPD, JHAB or community members. The data would be publicly available when feasible, timely, and with easy-to-understand visualizations. The main goal of this committee is to contribute to the culture of transparency and accountability around the police force. Our committee activities in the past year have been limited since the Board was focused on the policy review and community engagement. Our committee met with the JHU mental health team and Crisis Consultation and Behavioral Management departments at JHU to discuss their data collected. We also requested data on numbers of officers recruited, interviewed and hired.

1. Call to Order
2. Roll Call/Introductions
 - a. Board Members present
 - b. Johns Hopkins Staff/Special Guests
3. Orientation to how Public Safety has used data in the past
