

Johns Hopkins is committed to providing a secure environment for everyone who comes to our campuses: students, staff, faculty, patients, visitors and neighbors alike.

Across our Homewood and East Baltimore campuses we have a robust, layered approach to public safety. We rely on a mix of technology, like CCTV monitoring and blue light cameras, and trained individuals who patrol our campuses. Along with our long-term investments in Baltimore's economy and our neighboring communities, these assets serve a critically important role in keeping everyone who comes to our campuses safe.

Human Infrastructure

PUBLIC SAFETY OFFICERS

1,000+ safety personnel, including off-duty Baltimore police, average response time of 2-5 minutes from receipt of emergency call

SECURITY ESCORT SERVICES

Thousands of security escort trips per year

BEHAVIORAL HEALTH CRISIS SUPPORT TEAM

Trained providers assist public safety officers in responding to behavioral health crises

Technological Infrastructure

LIVESAFE APP

Nearly 20,000 downloads since 2015, enabling instant, 24/7 communication with campus security

EMERGENCY BLUE LIGHT TELEPHONES

292 across Homewood and East Baltimore campuses

CCTV AND SMART CCTV MONITORING

1,000+ cameras, monitored 24/7

In addition to these resources, we offer campus-wide emergency alerts, anonymous tip lines, and home security review services for university affiliates.

We work hard to keep you safe. If you are ever concerned about your safety or the safety of others, please contact the following numbers, available 24/7:

University Public Safety Switchboard: **667-208-1200**

East Baltimore Public Safety: **410-955-5585**
